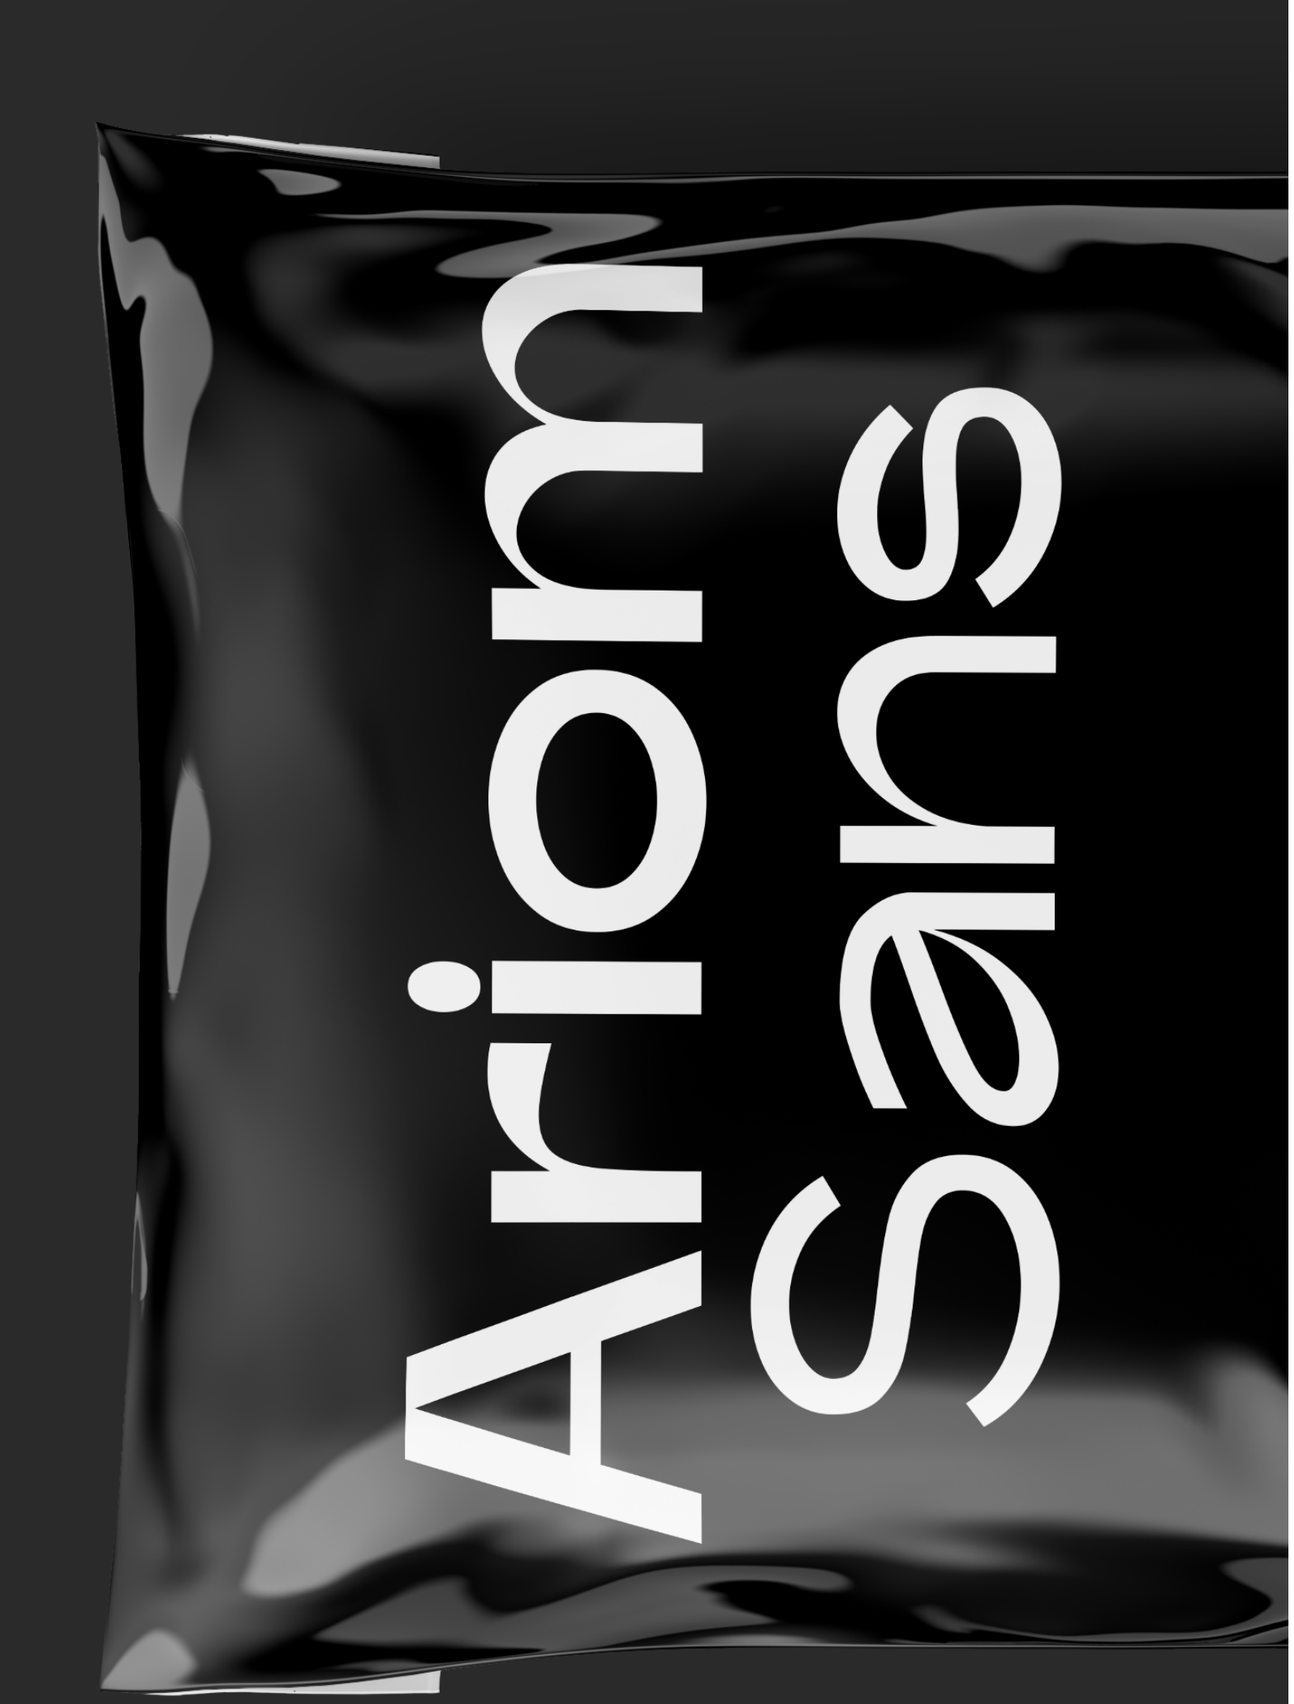
Arion



Ariom is a fresh, geometric, sans-serif font family inspired by iconic typefaces. Ariom has a big x-height value, geometrical letterforms, sharp edges, and strong stroke contrast as the neo-grotesque fonts from the 20th Century. The typeface is versatile and can be successfully used in magazines, posters, branding, websites, headlines, large-format prints, brand identities, social media, advertising, editorial design, posters.
