Welcome to the Typecat 3.0, the third edition of Typogama's font catalogue. A printed type specimen that will give you a chance to see all of the font creations in a few page flips.

Throughout the catalogue, you will revisit some older designs but equaly discover over a dozen new designs that have been brewing in the mill. These new additions expand the current style range with variations from rigid text fonts to wild experimental forms. In addition, certain of the older experimental designs have been reviewed and expanded to a display format to further their application.

This typecat is a simple tool to view the overall collection but if you wish to have some further details about a specific design, do not hesitate
